

## Tucson Audubon Society Restoration Services

### Base Price List

**Important note:** The Tucson Audubon Restoration Team is your go-to resource for information and assistance on how to make your yard the ideal naturescape. Staff can help with invasive species removal, native plant recommendations, and water harvesting development. Pricing for services **is listed as a base, starting quote**. Exact pricing depends on a variety of factors that include location, time, travel, size of property, etc. Once you have emailed your request for restoration services to [habitat@tucsonaudubon.org](mailto:habitat@tucsonaudubon.org) a staff member from this department will contact you. Upon receiving all of the pertinent details involving the desired restoration work to be completed, an exact price for services will be provided. Don't see what you are looking for? Send us an email anyway. We may be able to help.

- 1) **\$50**-one page Google Earth assessment of the property emailed to you. Will include general information on your property and the types of plants that are likely to do well at your specific location
- 2) **\$100**-30 minute phone/video call (Skype), or an in-person consultation at 300 E. University Blvd. Ste 120 Tucson, AZ 85705
- 3) **\$250**-In-person consultation for a single residence
- 4) **\$500**-in-person property evaluation and plan for a single residence up to 1-acre. Includes naturescape design with specific plant species. Irrigation plan for water harvesting can be added for an additional cost.
